WHO WE ARE

Phoenix Globaltrans is a leading Logistics Provider which manages customers' supply chain by providing end-to-end solutions enabled by our infrastructure, our people, processes and systems.

Our mission, vision and values reflect who we are as an organization. Below are the points which we highlight while providing service to our esteemed client.

- We are the growth partner succeed by overcoming for our clients logistical and succeed by overcoming the logistical constraints faced by our clients.
- We are committed to our clients.
- We continuously innovate.

Associated Members:

VISION

"To be the customer's first choice by providing complete logistics solutions through innovation and reliable services."

MISSION

We are committed towards growing our customer's sustainability by delivering innovative solutions and services.

CORE VALUES

For any organization customers are the backbone, which makes us committed and accountable for delivering our commitment by holding ourselves to highest standard of professionalism.

AIR FREIGHT

Fast and Flexible Air Freight

- We ensure and can arrange booking for Daily departure to all major airports in the world.
- Contact us and get booking for both fixed schedules and creative routing to suit any situation.
- We ensure to reduce handling costs and also have the service for consolidation.
- Multi-modal solutions.

Special Air Freight Services

- Full & Part charter
- Express services
- On-board courier
- Hazardous / Perishable air cargo
- Dedicated Aerospace team for PAN India

SEA FREIGHT

- Ocean freight or sea freight is the most common form of transport for importers and exporters, accounting for 90% of goods transported globally.
- Shipping by Ocean is a Complex Task, having Expertise in this field we can ensure to handle your cargo safely from one end to other.
- **Ocean Solutions include**
 - Full Container Load (FCL)
 - Less than Container Load (LCL)
 - Consolidation Services (Buyers Consoles)
- We ensures space on the best routes at low cost.
- Track and trace as well as visible solutions.
- Cost Effective – Transporting containers of goods by ship is the one of the most cost effective forms of transport, which is important for supply chain management and operations within a business and can help keep the price of goods competitive for the end customers.

PROJECT SERVICE

- Detailed door to door solutions for turnkey projects.
- Provide technical solutions and conducting feasibility study for project movements.
- Ocean chartering for ODC / super ODC / critical cargo.
- Air chartering for ODC shipments.
- Detailed solutions provided for special equipment and their door to door movements.
- Expertise in handling multiple ODC / BB cargo operations successfully.
- Catering to
 - All types of heavy industries.
 - Oil & Gas
 - Defence
- Liasoning with government departments for efficient and smooth inland movement of cargo.

CUSTOM BROKERAGE

- Thorough understanding of Tax regime, guiding and supporting clients with approval procedures.
- Review all customs documents and notify the clients in case of discrepancies.
- Trained Employees holding valid G Card (Issued by Customs) available at all airport and ports.
- Use state of the art technology. Use Multi location - web based - remote filling software for preparing and filing customs entry.
- This software improves efficiency & accuracy with features like duplicate job, template, master data online etc.
- Reduces human intervention and error, all duty rates and HS numbers are verified online with feature of validation.
- Provide MIM reports which would minimize manual data feeds.
- Decode messages received from ICEGATE/Customs and log it into the Database system for user.

CARGO INSURANCE

Why do you need cargo insurance?

- Inland transportation may leave the cargo exposed
- Road and weather conditions may put cargo at risk
- Cheap, unreliable and overloaded transport mediums

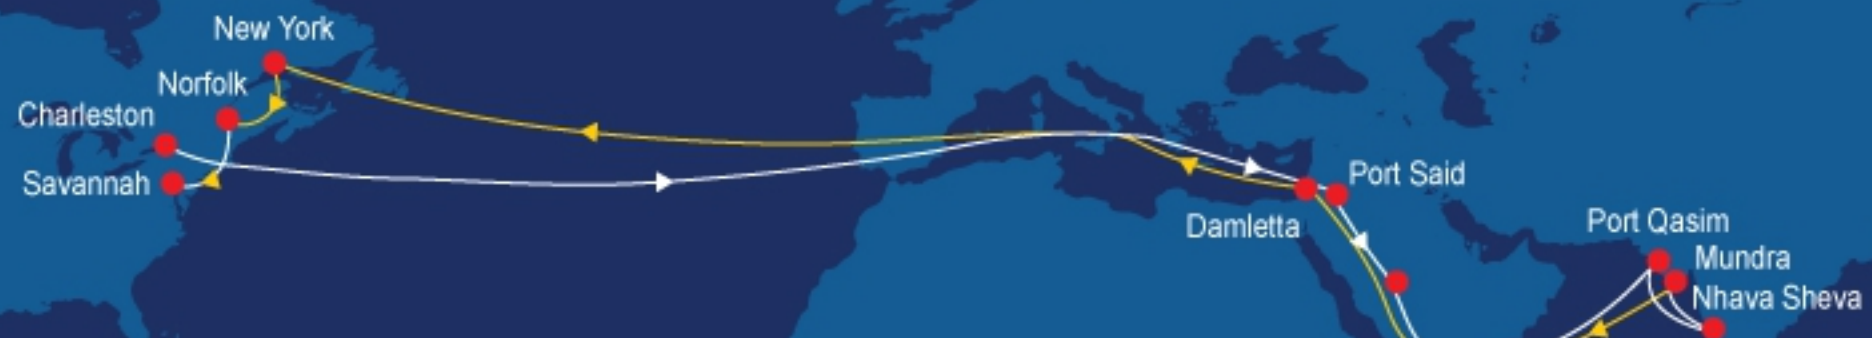

Why insure with us?

- One stop shop
- 110% coverage as opposed to forwarders limited liability
- No deductibles
- Global Standard – Handling claims and insurance requests at par with International standards.

WE CARE FOR NATURE

Corporate Social Responsibility

Any business entity grows, evolves and gains success interacting with the society which it is a part of so with their consistent efforts. It's incumbent upon the organization to serve the society and make it better.

Ours is an organization of social concern. We are committed to the cause of using environment-friendly operating practices. This is demonstrated through the following objectives:

- Complying with or exceeding all applicable governmental regulations.
- Reducing and preventing pollution, including minimizing travel by promoting telework and alternative commuting options.
- Thriving for paperless and truthful advertising.
- Education for the under privileged.
- Annual tree plantation drive.

CO2 Emission Control

We harp on using carriers like CMA / MAERSK / ONE / HAPAG, who use non-conventional fuel. For domestic trucking we insist on using Vehicles with green energy like CNG / LPG / Electric Vehicles.

Gender diversity & Women Safety

We aim to have 30-40% female employees thereby supporting our pledge of Women empowerment and gender equality.

THANK YOU!
